Daily Thought.

"To be ashamed to work is the disgrace of the degenerate."

"Local and outside capital is interested in the development of Kentucky's resources as never before, and some of the enterprises under way are of the first magnitude. There is much remaining to be done before the hill lands have reached the development the bluegrass section has so long enjoyed."—Manufacturers Record.

Herein lies one of the errors the people of the Purchase must overcome. It is the bluegrass and the mountains, to the outsider. Unsung of story and verse the Purchase is outstripping every other section of the state, but how much faster she could grow if only her advantages were advertised to the world. The excerpt is from an editorial speaking of the possible results to Kentucky when all the guests of home coming week carry away with them reports of the marvelous growth and development of their native state. It behooves Paducah citizens to hasten to furnish names of former residents to the Commercial club, that they may be invited to Paducah June 19 to see how this city has grown. Then the citizens should see to it that they cooperate with the Commercial club in its campaign of systematically keeping Paducah's advantages before the world.

The California doctor may hold to his views about the age limit, but the "old man" who has stuck to his post and worked up while a young man until he has made himself an indispensable part of the business, is in no danger of anaesthetics. Isn't all this talk about age limits and "has-beens" rather silly, not to say cold-blooded, coming from members of a profession, half of whose art lies in gentleness and whose services we engage to preserve our lives—not to tell us when it is time to die?

It was an insult to the American laboring man to say he "will follow the leadership of the Russian brother." The American laboring man will follow the lead of no class in any country. He would have to turn backward to fall into another's wake. And we are all laboring men in America.

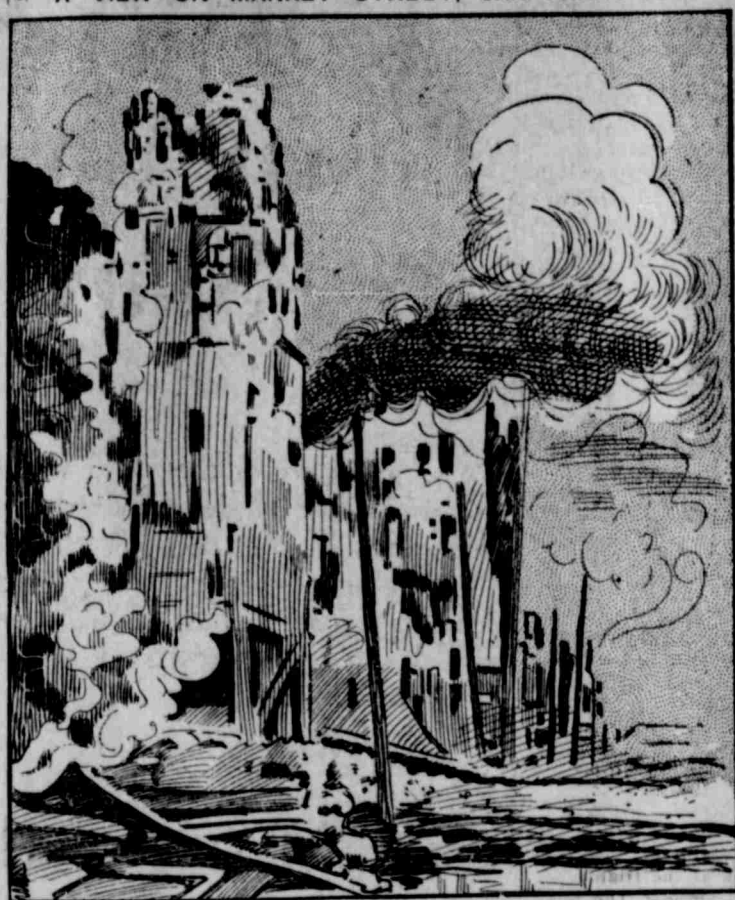

The Louisville Herald says there are over one hundred present at the meeting of the newspaper circulation managers. Couldn't the Herald get some of the circulation men to swear to the exact number present?

Emma Goldman, the anarchist fury, said in her Chicago tirade that she would rather "enjoy the friendship of the vilest prisoners than of the president." The authorities ought to help Emma choose her company.

Now, who would have thought a discussion of the servant girl problem would precipitate a riot at a meeting of women?

Improve the laws.

A VIEW ON MARKET STREET, SAN FRANCISCO.

This picture was made from a photograph taken after the fire, and shows the destruction wrought among the mammoth structures of the business district.

Matchless Workmanship.

Most diseases are of spinal origin. That is a characteristic generalization of Osteopathy in a nutshell, and is a contention that has never been disproved.

The Osteopathic diagnosis, and treatment are new and original, and its percentage of cures have attracted wide attention. This is history that cannot be successfully challenged.

We apply in a new way and with new force, old principles that are a part of the recognized, but theoretical teachings of every school of practice, but in an unsystematic form.

You cannot study the anatomy of the spinal column without marveling at it so seldom gets out of order. It is the most matchless piece of workmanship in all mechanics, and he wonders is that it should, sometimes, from the way it is abused, do its work at all.

By all laws of physics, the spine is liable at any moment to get out of order; it is subject to slips, wrenches, pressures, dislocations, sprains, contractions and congestions—any one of which will set up disorders—all of which require only an intelligent engineer to adjust to relieve and cure.

The Osteopath is that engineer. In just a few moments I can easily explain to you why and how Osteopathy is achieving such a wonderful success in curing all kinds of chronic and acute illnesses and I shall take great pleasure in doing so.

Just now you may have a touch of the Spring ailment, to which we Paducahans are heir. If so, let me tell you how easily, how quickly such ailments yield to the Osteopathic treatment.

PADUCAH DEPARTMENT

Praised By Representative of Fire Engine Company.

Mr. T. R. Polglase, of Chicago, representing the American La France Fire Engine company, is in Paducah en route south and made an inspection of the Paducah fire departments. Mr. Polglase sold the city the new chemical wagons and the old truck which was bought thirteen years ago. This is the first time Mr. Polglase has been in Paducah for two years and the improvements he stated were wonderful. "You have a sure enough fire department now," he declared, "and you will not find a better equipped or manned department of its size in the country I am thinking."

The visitor was high in his praises for the firemen. He has witnessed several runs made by the companies and considers them as fast as any he has ever seen.

J. C. Owen.

J. C. Owen, 75 years old, a Confederate veteran, died of general debility in Tyler at 12 o'clock last night. The deceased was born in Salem, Ky., and had been in Paducah nine years. He is survived by two sons and one daughter. The body will be taken tomorrow morning to Carversville, Ky. for burial.

Louisville	5.6	0.2	rise
Mt. Carmel	4.3	0.3	rise
Nashville	9.7	0.5	rise
Pittsburg	5.3	1.4	fall
Davis Island Dam	5.9	0.5	fall
St. Louis	17.4	..	stand
Mt. Vernon	6.9	0.5	rise
Paducah	7.6	0.4	rise

The gauge at the foot of the wharf registered a stage of 7.6 this morning a rise of 0.4 in the last 24 hours. Weather clear. River men expect a good stage of water throughout June.

At Alton, Ill., Monday the excursion steamer City of Providence was struck broadside by a gale and hurled against Plunkett's wharf, wrecking that and twelve private yachts. There were 899 passengers, the larger part children, on board. A panic was prevented possibly by the presence of mind of the leader of a military band on the boat. He started the band to playing, thus diverting the minds of the children. The steamer was not injured to any extent. The loss to the wharf and yachts was \$12,000.—St. Louis Republic.

The Clyde is at the wharf ready to leave this evening at 6 o'clock for the Tennessee river.

The Battorff left at noon today for Nashville, arriving this morning from Clarksville.

The City of Salt Lake arrived last night at 9 o'clock and left at 11 o'clock for the Tennessee river.

The Joe Fowler was the Evansville jacket today.

The Dick Fowler left on time this morning for Cairo with another good passenger list.

The Peters Lee is due up tomorrow from Memphis for Cincinnati and way points. The Georgia Lee will pass down Saturday from Cincinnati to Memphis.

The James Lee arrived yesterday from Memphis to go on the ways here for repairs. The T. H. Davis and the steamer Natchez are on the ways at present and the James Lee will have to wait until the Davis gets off.

The Kentucky will come out of the Tennessee river Thursday night and lie over on Saturday evening before starting on the return trip to the Tennessee river.

Captain W. D. Pugh is in the city for a few days looking for boats and barges.

Captain J. B. Smith, of Brookport, is in the city today.

The Georgia Lee on her last trip up from Memphis to Cincinnati had a strenuous time and was up against bad luck on several occasions. Just above Caseyville she burned her boilers and was forced to go on half steam. A few hours later she struck on the shoals at "J. C." a short distance above Shawneetown. The crew succeeded in getting her off and she made slow headway to Evansville, where her boilers were repaired temporarily. She left that place early Sunday for Cincinnati.

Official Forecasts.

The Ohio from Evansville to Mt. Vernon will rise today. At Paducah and Cairo will continue rising during the next two or three days.

The Tennessee from Florence to the mouth, no material change during the next 36 hours.

The Mississippi from Chester to

Cairo, will continue rising during the next 36 hours.

Courier-Journal: Steel barges are finding considerable favor over the wooden craft of that type on Western rivers. While the first cost of a steel barge of course is considerably greater in the long run it outlasts the wooden vessel, giving many more years of hard service.

The condition of the upper Ohio is still against any prospect of coal-boat water. The rise at Pittsburg was but for a day and not sufficient to float the big field of coal over the low places, and it has given place to a decline which promises to hold on a while. Cincinnati and Louisville reported a decline. At St. Louis the rise continues.

IN THE COURTS

In Police Court.

Clyde Greenway, colored, was tried in the police court for cutting George Fort and held over. He was recognized for his appearance. Greenway cut Fort Saturday night in Rowlandtown. Jim Jackson, colored, was held over for maliciously cutting Charles Nash in the stomach. The wound is not serious. Isom Majors, colored, who sold a pair of trousers he had stolen from ex-Sheriff L. D. Potter, was held over for obtaining money by false pretenses. The case against Charles Leverette, colored, charged with detaining woman, was continued. Other cases were: Joe Quinn, Matt Miller, drunkenness, \$1 and costs; Ed Cox, breach of peace, \$5 and costs; William Dinehard, drunkenness, \$1 and costs; John Isom, breach of ordinance, \$5 and costs; Asberry McCoy, breach of the peace \$5 and costs.

Will Appeal Schwab Case.

Attorneys for creditors in the bankrupt matter of Moses Schwab are preparing to appeal the decision of Judge Walter Evans, of Louisville, and will file the necessary papers this week. The appeal will be made to the circuit court of appeals in Cincinnati. Judge Evans confirmed the action of the referee, Hon. E. W. Bagby, who decided that the claim of T. Schwab, wife of the bankrupt, amounting to over \$2,000, was good, and ordered it pro rated. He also overruled exceptions filed to the petition for a discharge on the claim that Schwab had failed the account of \$10,000 in his petition.

Referee Bagby Sustained.

Referee E. W. Bagby has been upheld in three actions which have been hanging fire in the bankruptcy court for some time, and the action of the court bespeaks much for his judgment. The actions were reported to the federal clerk here this morning and are in the cases of Will Harris & Co., Will Linn and L. C. Linn of Murray; M. G. Sale, of the city, and Thomas Reeves, of Ballard county. In each action fights had been made against the discharge and in each Referee Bagby overruled the specifications of exceptions and sent the cases to Louisville with recommendations for a discharge. This morning the court reported his action, confirming the decision of Judge Bagby.

To Settle Estate.

George N. Drewry filed suit against Henry Dunlap and others for the settlement of the estate of Stephen Enders. The petition asks for a sale of the property for distribution.

AUTOMOBILE

MANUFACTURE IS REVOLUTION-IZED IF IT SUCCEEDS.

W. H. Parham Patents Scheme to Do Away With Pneumatic Tires and Springs.

W. H. Parham has invented a wheel which is expected to do away with pneumatic tires and springs on automobiles. The improvement in the wheel is in the spokes, they being elliptical, the pointed end resting on the hub and the round end resting against the rim. Hard rubber tires will be used.

Foreman Bros. have examined the wheel and believe it to be a good thing. Parties in St. Louis who have seen the wheel think that if successful it will be used extensively on railway coaches as well as automobiles. Mr. Parham has gone to Anderson, Ind., to make a practical test of the wheel and if this is satisfactory the invention will develop a large industry. Mr. W. H. Parham and Mr. F. E. Lack are joint owners of the patent.

BARBED WIRE

SERIOUSLY INJURES STORM-FRIGHTENED HORSE.

Rushes Against Fence and Pieces Are Torn From Legs and Breast By Barbs.

A fine horse belonging to Mr. Charles Kirchoff, of the Afton Heights section of the county, was badly injured yesterday afternoon in a mad rush against a barbed wire fence. The horse was in a pasture. The wind blew down a rotten tree stump and the horse became frightened. It ran into the fence and tore great pieces of flesh loose from its legs and breast. The wounds will get well and it is thought, will not mean a permanent injury, no tendons or muscles being severed.

TOO MUCH JEWELRY.

Ross Campbell Caught Prowling and Held On Suspicion.

Ross Campbell, colored, is under arrest for disorderly conduct, and pending trial the police are investigating another matter and hope to bring him into a serious charge. Campbell resides in the rear of the Empire flats on Broadway and last night was found prying about some private residences. He was seen and arrested. It is stated he was not entirely dressed and after the arrest was made, police officers made a search of his room and found several valuable diamond rings and trinkets. Campbell will have to tell where he got the jewelry.

This afternoon an examination of the jewelry found in the prisoner's room was made and one small diamond ring had engraved on the inside "H. K. to L. M. S." This may elicit tonight before the French Meteorological original owner of the jewelry, if it is stolen.

Calvin Hinton.

Calvin Hinton, 39 years old, died last night at 6 o'clock of consumption at the residence of his sister Mrs. Morton Adcock, on the Blandville road. The deceased was born and raised in this county and was well known and popular. He is survived by one brother, Gus Hinton, and his sister, Mrs. Adcock. The funeral will be conducted this afternoon at 3 o'clock. The burial will be at Oak Grove cemetery. The Rev. Calvin Thompson will conduct the services.

Father Nagle.

Father G. T. Nagle is pastor of a great Catholic church at Dubuque, Ia. He is Irish and has that famous Irish wit in large proportions and is also brimming full of genuine American patriotism with which he will stir the hearts of all auditors.

Capt. Hobson.

Capt. Richard Hobson stands next to Hon. William J. Bryan as one of the great orators of the country. It is a serious mistake to look upon him as merely the hero of the Merrimac in the Spanish-American war or the young man whom the ladies desired to kiss. He is a great orator and has an address that will inspire any genuine American who loves his country. Get the right idea about Capt. Hobson and do not miss hearing him. He is on the program for Sunday, June 17.

Mr. Ross Crane is not excited in the country as a platform cartoonist. He also does clay modeling and piano monologue work. For high grade entertainment there is none better. He is on the program for several dates.
